

The diagram illustrates the marking process flowchart. It begins with a 'Mark' box at the top, which branches into two paths. One path leads to a box containing a red 'X' icon, a sad face icon, and a small square box. The other path leads to a 'section' box. This 'section' box contains a large 'Q' icon, a 'number' box, and a 'mark awarded' box. Below this is another identical 'section' box. Arrows from the 'Mark' box and the first 'section' box lead to the second 'section' box. From the second 'section' box, an arrow leads to a box containing a green checkmark icon and a small square box. Below this is a large box labeled 'Exams Office Use Only'.
