

The diagram illustrates the marking process flow for two roles: Mark and Moderate.

Mark Role Flow:

- The process starts with a **Mark** role button.
- It leads to a **section** box containing a **Q** (question) icon, a **number** field, and a **mark awarded** field.
- From the **section** box, the flow goes to a **Mark** button with a checkmark icon.
- Finally, it leads to a large box labeled **Exams Office Use Only**.

Moderate Role Flow:

- The process starts with a **Moderate** role button.
- It leads to a **No change** button with a checkmark icon.
- From the **No change** button, the flow goes to a **change** button.
- The **change** button leads to a **section** box, which is identical in structure to the one in the Mark role flow.
- From the **section** box, the flow goes to a **Comment/query?** box.
- The **Comment/query?** box leads to two buttons: **Fixed** (with a checkmark icon) and **Not sure** (with a question mark icon).
